

# The Challenge

The Livingston Rotary Club is committed to an ongoing program to educate out children about: What Meth is and how it can effect them.

We make presentations to:

- Every fifth grade student in every Intermediate school in Polk County
- Every year

We keep our message in front of everyone in Polk County through:

- Radio and newspaper spots
- Signs in businesses and schools
- Presentations at local clubs and churches
- T-shirts, pledge cards and wrist bands for the school children

Our goal is to educate our children before the drug dealers get to them.

Our hope is that everyone will take on this challenge to stop the Meth epidemic.

JOIN WITH US TO:

- Save your friends
- Protect your family
- Defend our community
- Stop the epidemic

You can become a sponsor by donating \$500. In return for your support, we will place your logo on our brochure, decals, signs, video and radio spots.

No donation is too small to help. You can donate on our website or by mailing funds to P.O. Box 724 Livingston, Texas 77351.

# DON'T METH WITH ME!

The Livingston Rotary Club will share this program with any organization that is interested in stopping the use of methamphetamine in the children of Polk County. Presentations communicating the dire consequences of experimenting with meth are available at no charge.
